I am working on (due 4/12) FOIA request EPA-R0-2018-005472 re PEER request re Hunters Pt % of data questionable – EPA estimates & Navy estimates.

I will be on annual leave 4/2-4/13, returning 4/16. John will also be out next wk. To make sure you have everything you need from me before I leave, here's a status update:

John Chesnutt has the physical folder with the draft ltr for Enrique's signature and the records release authorization form, which I have signed. I have attached the original request and the Word versions of these draft responses. I put these into this folder on the Superfund Share Drive:

/FOIA/Hunters Pt FOIA EPA-R9-2018-005472

The responsive documents are in a subfolder of that folder called "responsive documents."

These are all documents that have been shared externally. I talked with my attorney Brianna Fairbanks, and she confirmed nothing needs to be protected as confidential, so we are not withholding any portions of these documents. This is a final response that gives complete fulfillment of the request.

Please let me know anything else you need from me this week before I leave to make sure that we meet the deadline 4/12.
